

**EL PASO WATER  
PURCHASING DEPARTMENT  
1154 HAWKINS BLVD.  
EL PASO, TEXAS 79925**

**EP Water Cathodic Protection System On-call Assessment Services**

**BID NUMBER IFB43-18**

**ADDENDUM NUMBER 1**

**March 23, 2018**

**Attention of all bidders is directed to the following addendum to this Bid Proposal:**

A. Response(s) to Bidder's question(s):

• **Question:**

Section 1.0 Minimum Qualifications indicates that the "Respondent submitting quote must be certified as a NACE (National Association of Corrosion Engineers) Corrosion Technologist or Cathodic Protection Specialist and have 5 year's experience as a corrosion consultant." Is all work listed in Section 2.0 Scope of Work to be completed by a NACE Corrosion Technologist or CP Specialist, or does the work only need to be supervised by an individual with these qualifications.

**Answer:**

The work must be done by NACE Corrosion Technologist or CP Specialist

• **Question:**

Page 1 of the Bid Proposal form states the bid is not to exceed \$50,000 for a one year term. The Excel Worksheet lists the EAU Quantity at 543 hours. Does EP Water anticipate receiving qualified bids at less than \$94/hour FOB to remain within this not to exceed amount?

**Answer:**

The Quantity is based on an estimated price of \$92 per hour, but the quantity is not guaranteed and may be less. The maximum number of hours that may be ordered under the contract will depend on the bid price of the successful bidder.

Bidder shall acknowledge receipt of this addendum and submit this acknowledgment with their bid submittal. Failure to acknowledge addendum(s), may result in rejection of bid.
