POLYORTHOPHOSPHATE BLEND (RE-BID)

Bid Number 06-17

Addendum Number 3

February 3, 2017

Attention of all bidders is directed to the following addendum to this Bid Proposal:

BID SPECIFICATION ADDENDUM NUMBER 1 CURRENTLY READS: PAGE 2 OF 15 – f. The pH of the liquid shall be at a minimum 7.0

BID SPECIFICATION CHANGE SHOULD READ: PAGE 2 OF 15 – f. The pH of the liquid shall be 5.7 – 6.3

BID SPECIFICATION ADDENDUM NUMBER 1 CURRENTLY READS: PAGE 4 OF 15 – CHEMICAL MUST BE DELIVERED IN LIQUID FORM. SUPPLIER MUST INDICATE THE FREEZING TEMPERATURE OF THEIR PRODUCT IN DEGREES FARENHEIT: _____

BID SPECIFICATION CHANGE SHOULD READ: PAGE 4 OF 15 – CHEMICAL MUST HAVE A MINIMUM PERCENT ACTIVE PHOSPHATE OF 30%. SUPPLIER MUST INDICATE THE TYPICAL PERCENT ACTIVE PHOSPHATE OF THEIR PRODUCT: _____

BID SPECIFICATION CURRENTLY READS: PAGE 2 OF 15 AND PAGE 3 OF 15 – j. The supplier shall provide an analysis of each shipment indicating the specific gravity and percent of total phosphate content in order to calculate the cost per pound of dry phosphate. The El Paso Water Laboratory will perform routine quality control testing of the product supplied. If the El Paso Water Laboratory disputes the analysis of the product by the supplier, a sample may be sent (at the suppliers) cost to an approved third party laboratory for resolving the dispute.

BID SPECIFICATION CHANGE SHOULD READ: PAGE 2 OF 15 AND PAGE 3 OF 15 – j. The supplier shall provide an analysis of each shipment indicating the specific gravity and percent of total phosphate content. The El Paso Water Laboratory will perform routine quality control testing of the product supplied. If the El Paso Water Laboratory disputes the analysis of the product by the supplier, a sample may be sent (at the suppliers cost) to an approved third party laboratory for resolving the dispute. If it is found that the delivered product is below the required 30% minimum phosphate content, the supplier shall replace the shipment at no additional cost unless an agreement can be made between both parties.

BID SPECIFICATION CURRENTLY READS: PAGE 3 OF 15 –
EVALUATION:

Bid Evaluation will be based on the lowest cost per pound of liquid phosphate (PO₄) determined as follows:

Total Weight of the Product X the Percent of Total Phosphate X Unit Cost Per Pound = Total Cost

EXAMPLE ONLY: THIS IS NOT A BID ITEM.

A 45,000 pound truckload of product that is 30% active phosphate at \$0.60 per pound would be:

45,000 X .30 X \$0.60 = \$8,100.00

NOTE: FOR EXAMPLE PURPOSES ONLY- 45,000 POUNDS OF PRODUCT IS USED IN THE

FORMULA TO DETERMINE THE TOTAL COST. DELIVERY REQUIREMENTS:

BID SPECIFICATION CHANGE SHOULD READ: PAGE 3 OF 15 –

EVALUATION:

Bid Evaluation will be based on the lowest cost per pound of liquid phosphate (PO₄) determined as follows:

Total Weight of the Product X Unit Cost Per Pound = Total Cost

(i.e. Formula changed and EXAMPLE portion should be removed)

PLEASE ALSO DIRECT ATTENTION TO CHANGE IN FORMULA IN EXCEL WORKSHEET ADDENDUM 1.

Bidder shall acknowledge receipt of this addendum and submit this acknowledgment with their bid submittal. Failure to acknowledge addendum(s), may result in rejection of bid.

Levi Chacon
Purchasing Agent

BIDDER'S ACKNOWLEDGEMENT OF RECEIPT
